SANTARY
SHOOD O'ankhina.

> 5 yrs = F: 1
M: 2

Total = 3 pts

CRONIC
ARTERITIS
infelematory

> 5 yrs = F: 1
M: 2

Total = 3 pts

DENTAL problem.

> 5 yrs = F: 3
M: 3

Total = 6

Abcess

> 5 yrs M: 2

Total = 2 pts

DIRENE ALCOHOL

> 5 yrs = 2 M

Total 2 M

Remark

Total around 104 patients are coming to our health post and the patient follow up some increasing b/c of consecutively. How even there is problem on pt coming to identify ALCOHOL for their cases no necessary medication or charcoal for this purpose so I recommend for the future this should available on time to solve the risk.
